

D-mannose with cranberry extract and cranactin 60 Vegetable Capsules

EAN: 076280117776

FABRICANTE: SOLARAY

Indicated to reduce urinary infections in both men and women, especially in those people who suffer from them continuously.

DESCRIPTION

What is D-mannose in Solaray and what is it for?

D-Mannose, a type of simple sugar found in many fruits, may be helpful in maintaining a healthy urinary tract. The formula includes CranActin Cranberry AF extract, known for its ability to prevent bacterial adhesion in the urinary tract. Vitamin C was also added to strengthen the immune system.

D-Mannose is vegan-friendly, contains no genetically modified organisms (GMOs), and has been lab-verified to ensure authenticity, potency, and purity. Trust Solaray D-Mannose with CranActin Cranberry Extract to feel better and enjoy life to the fullest.

What are the ingredients of Solaray D-mannose?

- Vitamin C (as ascorbic acid).
- D-mannose.
- Blueberry (*Vaccinium macrocarpon*).
- Berry extract (as CranActin® Cranberry Af?M extract).

What is the recommended daily dose of Solaray D-mannose?

Take 2 Vegetable Capsules a day with a meal or a glass of water.

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241121
