

Ester-C Plus 1000mg 180 Tablets

EAN: 033984010536

FABRICANTE: SOLGAR

1000 mg per tablet of patented non-acidic vitamin C, which remains in the body longer than other forms of vitamin C and minimizes possible gastrointestinal discomfort.

DESCRIPTION

Solgar offers you a wide variety of vitamin C products so you can choose the one that best suits your tastes and needs.

Ester-C® Plus is uniquely formulated by Solgar® and provides extensively researched Vitamin C with a neutral (non-acidic) pH. In addition, Ester-C® Plus contains the metabolites that occur naturally with Vitamin C in nature. A special manufacturing process is used to form a unique calcium ascorbate metabolite complex. Because of its non-acidic nature, it is better tolerated than other forms of Vitamin C.

Ester-C® Plus vitamin C has been shown to be more concentrated in cells than standard vitamin C after 24 hours.

Solgar® Ester-C® Plus 1000 mg also offers acerola, citrus bioflavonoid complex, rutin and rosehip, which synergistically support vitamin C.

Indications

- People who want to support their defenses.
