FABRICANTE: SOLGAR

60 mg of standardized *Ginkgo biloba* leaf extract along with 30 mg of leaf powder per capsule.

### DESCRIPTION

Ginkgo 60 contains *Ginkgo biloba* leaf and is one of the high-quality formulas in Solgar®'s range of standardized herbal products.

Each vegetarian capsule provides standardized *Ginkgo biloba* leaf extract (with ginkgoflavoglycosides and terpenolactones) plus *Ginkgo biloba* leaf powder.

Plants have been used since ancient times for their various properties. *Ginkgo biloba* leaf has been used for centuries, especially in Traditional Chinese Medicine.

Solgar® herbal products are carefully selected from plants that grow wild or are cultivated on special farms for these products. The freshest and highest quality herbal products are chosen based on a strict set of criteria such as the geographical origin of the raw material, the authentication of the species and the quality of the raw material.

Our standardized herbal extracts guarantee a stable supply of active ingredients from container to container. Most of our products in the standardized range are formulated together with the pulverized plant powder to ensure that all the synergistic compounds present in the original plant also reach the final product, providing the best of the whole plant.
