### DESCRIPTION

#### What is Chinasor 5 from Soria Natural and what is it for?

Chinasor 05 Dang Gui Si Ni Tang are tablets based on the principles of the four angelic investments and have the function of stimulating and balancing the meridians of the body.

Traditional Chinese Phytotherapy has an ancient history and Soria Natural has managed to incorporate the most advanced methods, advances and technologies thanks to the dedicated work of its research and development team. This has led to the creation of the Chinasores product line.

These products are made from medicinal plants of Asian origin and undergo a strict cultivation, harvesting, drying and storage process to guarantee the maximum concentration of active ingredients and the total absence of metals or other unwanted components.

Chinasores are carefully formulated and come in the form of extended-release tablets, allowing for gradual and effective absorption over time, maximizing their effectiveness.
