

## ARTICHOKE 100 COMP 500 mg

EAN: 8427483005193    FABRICANTE: SOTYA

*The artichoke is widely used in weight control diets for its diuretic action. It is also an excellent liver detoxifier, also stimulating bile secretion.*

### DESCRIPTION

The **artichoke** has **choloretic** action, that is, it **increases bile secretion**. It is useful in the case of **sluggish liver** or poor digestion of fats. By stimulating bile secretion, it is also effective for **constipation**.

The artichoke has **purifying activity** so it is very useful in **weight control diets** and to **lower cholesterol**.
