

Bio Slimming Protocol 30 Ampoules

EAN: 3428881284802 **FABRICANTE:** SUPERDIET

Superdiet has developed the Slimming Protocol for you, an all-in-one protocol in 3 successive phases of 10 days, formulated according to the principles of naturopathy: body drainage, elimination and fat burning.

DESCRIPTION

Lifestyle, metabolism, age... are factors that influence our weight and can complicate the implementation of a weight loss diet. But certain plants can help us achieve this goal!

Superdiet has developed the Slimming Protocol for you, an all-in-one protocol in 3 successive phases of 10 days, formulated according to the principles of naturopathy:

Phase 1: drainage of the body.

This phase is a complex of 4 organic plants: Dandelion, Elderberry and Artichoke participate in drainage. Birch completes this formula.

Phase 2: elimination.

This phase combines 4 organic plants: Meadowsweet helps elimination, green tea helps weight control. This complex is completed by Fennel and Birch.

Phase 3: fat burning.

Phase 3 is a formula that combines 4 organic plants: guarana contributes to fat burning action and green tea provides support as part of a weight loss program. The formula is completed with Oat Bran and Papaya.

To obtain visible results, carrying out the Weight Loss Protocol must be carried out in combination with an active lifestyle and a varied and balanced diet.

Did you know?

A drainage treatment is always favorable before undertaking a slimming approach. It will favor the work of eliminating the organism. It is important to accompany this protocol with good hydration to help the body cleanse itself.

The same happens with physical activity, which will promote energy expenditure and sweating.

Organic farming

100% plants

Manufactured in our workshops in Hauts-de-France.

Bio Slimming Protocol 30 Ampoules

EAN: 3428881284802 FABRICANTE: SUPERDIET

No preservative
Without alcohol

How to use

Take with meals, preferably in the morning. In 3 successive phases of 10 days according to the indicated protocol. Take 1 ampoule a day, pure or diluted in half a glass of water. Shake before using.

Caution for use
