

Oroxon Iron 60 Capsules

EAN: 8437010670053 FABRICANTE: TAXON

Oroxon Hierro is a food supplement indicated when there is iron deficiency.

DESCRIPTION

What is Oroxon Iron and what is it for?

Iron in the form of bisglycinate is supplied in a gradual and sustained manner. This prevents sudden high levels from being released, ensuring that it is distributed without overloading the transport and storage system made up of transferrin and ferritin. For iron to be assimilated and metabolized effectively, the presence of vitamins B9 and B12, which are found in their joint presentation, is essential.

What is the composition of Oroxon Hierro?

- Microcrystalline cellulose bulking agent E-460 250 mg
- Gelatin capsule and dye E-171 100 mg
- Ferrous bisglycinate 77 mg
- Silicon dioxide anti-caking agent 40 mg
- Magnesium stearate anti-caking agent 32.79 mg
- vit. B9 (calcium l-methylfolate) 200 µg
- vit. B12 (cyanocobalamin) 2.5 µg

What is the recommended daily dose of Oroxon Iron?

You should take one capsule a day, before breakfast.
