Food supplement based on plant extracts, vitamin C and quercetin.

DESCRIPTION

Perilla provides a calming effect on the respiratory tract and makes breathing easier.

Ginseng helps reduce fatigue and promote vitality.

Rosemary helps the normal functioning of the immune system.

Curcumin helps control the body's inflammatory response.

Vitamin C contributes to the normal functioning of the immune system and the protection of cells against oxidative damage.

Exclusive formula from Niveles de Vida that combines dry extract of Perilla seeds standardized to 2.5% in polyphenol active ingredients, which facilitates breathing, and dry extract of Turmeric root standardized to 95% in curcuminoids, of which 70.33% is curcumin that helps control the inflammatory response.

Contains a proprietary blend of dry extracts standardized in polyphenols from a specific selection of plants, Pantescal®, which contains Caper fruits, Olive leaves, Black Currant leaves and Ginseng root, which helps reduce fatigue and promote vitality.

With dry extract of Rosemary standardized to 2% in the active ingredient rosmarinic acid.

The formula is accompanied by Quercetin, a flavonoid naturally present in fruits, vegetables and plants, and in the case of Nivelrespir it comes from the flowers of the Japanese Acacia Sophora japonica; Bromelain, an enzyme found in pineapple; and vitamin C in the form of ascorbic acid that contributes to the protection of cells against oxidative damage.
