Food supplement based on soluble granules of IL HWA Ginseng extract.

DESCRIPTION

What is GINST15 TEA used for?

GINST15 TEA is Korean Ginseng that contributes to natural defenses and the proper functioning of the immune system.

It contributes to maintaining normal blood glucose levels.

Helps maintain good cognitive performance and promote alertness.

Contributes to memory performance.

It helps maintain good sexual relations.

Helps counteract fatigue and promotes vitality.

Exclusive formulation based on hydrolyzed extract of whole Korean Ginseng root IL HWA (Panax ginseng CA Meyer).

Through a patented enzymatic hydrolysis process, IL HWA obtains this exclusive extract with greater bioavailability, 15 times more assimilable and 4 times faster.

Use of mature roots, as this is the moment when the root is at its optimal level of active ingredients.

Use of whole, unpeeled roots, since this peeling eliminates the secondary roots where the active ingredients are found.

This use ensures a balanced supply of active ingredients.

Exclusive IL HWA extraction procedure at low temperature, low pressure and vacuum, which allows the active principles of the root to be kept intact, including the volatile ones.

Standardized active ingredient content, which guarantees the effectiveness, safety and quality of all its products.
