

Nivelansi 80 Caps

EAN: 8436005300227 FABRICANTE: TONGIL

Food supplement based on amino acids, vitamin B6, Griffonia, Rhodiola, patented extracts of Melissa (Cyracos®), Ashwagandha (Sensoril®) and a patented high-tech blend based on Saffron extract and lactic ferments (ProbioStress®).

DESCRIPTION

What is Nivelansi from Tongil used for?

Saffron promotes emotional balance and helps maintain a positive mood.

Vitamin B6 helps maintain nervous balance.

Ashwagandha contributes to relaxation during periods of nervous tension and anxiety.

Rhodiola helps the body adapt to emotional stress and has a beneficial effect on stress-induced fatigue and headaches.

Melissa helps reduce anxiety and tension.

Griffonia contributes to the improvement of brain activity.

What is Nivelansi of Tongil?

Exclusive formula that combines 3 patented high-tech botanical extracts and probiotics, Griffonia, Rhodiola, amino acids and vitamin B6. Contains ProbioStress®, a patented combination of lactic ferments with saffron extract double standardized in crocin and safranal, which promotes emotional balance. The strains probiotics are active and resistant to changes in the pH of the gastrointestinal tract (*Lactobacillus helveticus* R0052 and *Bifidobacterium longum* R0175).

Contains Sensoril®, a patented dry extract of Ashwagandha (*Withania somnifera*) roots and leaves. Obtained by aqueous extraction, it respects and preserves all the natural qualities of the plant, while ensuring maximum potency thanks to its double standardization (10% withanolides and 32% oligosaccharides).

Maximum safety, thanks to the fact that it guarantees a withaferin A content of less than 0.5%. It contains Cyracos®, a patented dry extract of *Melissa officinalis* L. and standardized in total hydroxycinnamic acids and rosmarinic acid. It is obtained through traditional processes to preserve the totality of the plant's active ingredients and guarantee their synergistic action.

Nivelansi 80 Caps

EAN: 8436005300227 FABRICANTE: TONGIL

The formulation is completed with a dry extract of Griffonia simplicifolia standardized in the amino acid 5-HTP (5-hydroxytryptophan), precursor and intermediary in the synthesis of the neurotransmitters serotonin and melatonin. It is also reinforced with Rhodiola (Rhodiola rosea), the amino acids L-lysine and L-arginine (in their active form in the body) and vitamin B6, which helps maintain nervous balance.

Instructions for use

Take 1 to 2 capsules daily, as needed, before meals or between meals.
