

Pure Elenolic Acid 30 Vegetable Capsules

EAN: 8436005301217 FABRICANTE: TONGIL

Pure elenolic acid is a food supplement from Tongil Laboratories. Tongil elenolic acid contains an innovative ingredient derived from olive leaves.

DESCRIPTION

What is pure elenolic acid and what is it used for?

Elenolic acid is a dietary supplement with antimicrobial properties that supports the normal functioning of the immune system, helping to fight colds and flu.

This compound is obtained in its pure state through an exclusive extraction process from olive leaves. This process allows the concentration of elenolic acid, an active component that has a structure and properties significantly different from other active ingredients present in olive leaves. In addition, elenolic acid is reinforced with vitamin C, which also contributes to the normal functioning of the immune system.

This innovative ingredient, obtained from olive leaves through an exclusive extraction process, is different from other products derived from olive leaves, such as those containing oleuropein or hydroxytyrosol. **PURE STATE** produces an extract that concentrates elenolic acid in its purest form, with a unique chemical structure and properties, as well as being enhanced with vitamin C, which supports the immune system.

Tongil's pure elenolic acid is suitable for vegans, as its capsules are of plant origin, and it is an allergen-free food supplement.

What are the ingredients of pure elenolic acid?

The ingredients are:

- Isenolic® Olive leaf dry extract 150 mg.
- Containing Elenolic Acid 6 mg.
- Vitamin C (L-ascorbic acid) 80 mg, (100% VRN).

Pure Elenolic Acid 30 Vegetable Capsules
