

Pure State Aged Black Garlic 40 Caps

EAN: 8436005300784

FABRICANTE: TONGIL

10:1 dry extract of the Aged Black Garlic bulb, standardized in S-allylcysteine.

DESCRIPTION

What is Pure State Aged Black Garlic from Tongil used for?

Aged Garlic helps maintain heart health and cholesterol levels.

Aged Black Garlic is obtained from fresh garlic bulbs and through a rigorous aging process, without the characteristic smell or flavor of fresh garlic.

The exclusive properties of Aged Black Garlic are due precisely to this aging process, in which a conversion of the substances present occurs in fresh garlic, such as allicin, in other more stable and active sulfur derivatives such as S-Allyl-Cysteine.

Two Estado Puro capsules provide 1000 mg of a patented dry extract of Aged Black Garlic bulbs with a 10:1 ratio, equivalent to 10,000 mg of fresh Garlic bulbs.

Standardization guarantees the contribution of 1 mg of the active ingredient S-allyl-cysteine and more than 3% in polyphenols.

ACTIVE INGREDIENTS / DAILY DOSE 1 CAP.

- ABG´ 10+® Dry extract 10:1 of 500 mg
- Aged black garlic (Equivalent to fresh garlic bulbs) 5,000 mg
