

Pure State Co Q10 30 mg 60 Vcaps

EAN: 8436005300333 FABRICANTE: TONGIL

Food supplement based on highly assimilated Coenzyme Q10 (Ubiquinone) reinforced with phosphatidylcholine.

DESCRIPTION

What is Tongil Pure State Co Q10 used for?

Q10 fermented from yeast with a high degree of purity and similarity to that produced by the body.

What does Tongil Pure State Co Q10 contain?

Coenzyme Q10 (Ubiquinone) from the patented Kaneka brand, a pioneer brand in pure and natural Coenzyme Q10.

Exclusive bio-fermentation technology from yeast, in which 100% natural coenzyme Q10 is obtained.

While other Q10s obtained by bacterial synthesis or fermentation carry traces of impurities and non-active CIS isomers, Kaneka, through its exclusive production method, It provides only TRANS isomers, bioidentical to those produced by the body, and therefore highly assimilated and bioavailable.

To further improve its bioavailability, the formula is reinforced with phosphatidylcholine.

ACTIVE INGREDIENTS / DAILY DOSE (1 CAPSULE)

- Coenzyme Q10 Kaneka 30 mg.
