

Pure State Collagen Egg Membrane 30 Caps

EAN: 8436005301149 FABRICANTE: TONGIL

Food supplement based on pure eggshell membrane standardized in collagen, hyaluronic acid, glucosamine, chondroitin, lysozyme, keratan and dermatan sulfate.

DESCRIPTION

What is Pure State Tongil Egg Membrane Collagen used for?

Vitamin C contributes to the formation of collagen for the functioning of bones, cartilage and skin.

What does Pure State Collagen Egg Membrane from Tongil contain?

Provides a patented egg membrane extract, obtained through a natural extraction process free of chemicals.

It naturally contains the components that are part of the skin and joints: collagen (type I, III, V and X), glucosamine, chondroitin, hyaluronic acid, keratan and dermatan, sulfate and more than 500 proteins that make up a complex matrix (keratin, elastin, lysozyme and amino acids such as cysteine and proline).

The synergistic effect of these components is further reinforced by the contribution of hyaluronic acid and vitamin C.
