Food supplement based on concentrated ES of Cranberry fruit (Vaccinium macrocarpon) standardized in proanthocyanidins (PACs), 9 strains of active Lactic Ferments, prebiotic fiber, D-mannose and vitamin C.

DESCRIPTION

What is Tongil American Cranberry used for?

It serves to improve the health of the urinary tract as well as repetitive urinary infections.

Vitamin C contributes to the functioning of the immune system.

What does Estado Puro Cranberry complex contain?

Proanthocyanidins (PACs) type A, exclusive to the 100% Vaccinium macrocarpon (Cranberry) species, which certify the authenticity and purity of the extracts used.

The daily dose of 1 capsule provides 40 mg of type A proanthocyanidins.

Provides 80 million CFU (colony forming units) from 9 different lactic ferment strains, stabilized through ProbioAct technology, which ensures survival through the digestive tract and its activation in the intestine. With Fructooligosaccharides, prebiotic fiber that serves as food for lactic ferments to that can multiply quickly and efficiently in the intestine.

Reinforced with D-mannose and vitamin C.
