

## Pure State Ultra Krill 60 Pearls

EAN: 8436005301231 FABRICANTE: TONGIL

*Food supplement based on Krill Oil, a natural source of Omega 3 fatty acids in the form of phospholipids, choline and astaxanthin.*

### DESCRIPTION

#### What is Tongil Pure State Ultra Krill used for?

The fatty acids EPA and DHA contribute to the proper functioning of the heart. The beneficial effect is achieved with a daily intake of 250 mg of EPA and DHA.

Choline contributes to normal lipid and homocysteine metabolism, and to maintaining normal liver function.

New generation in Krill Oil, 100% authentic Antarctic Krill.

Ultra-Concentrated: exclusive extraction process that allows maximum concentration and standardization in Omega 3 EPA and DHA fatty acids, phospholipids, choline and astaxanthin.

Greater Absorption and Bioavailability: provides more efficient Omega 3 fatty acids, since the long chains of EPA and DHA are easily recognized by the body when they are associated with phospholipids, which results in greater cellular uptake.

Maximum purity, free of contaminants and no fishy aftertaste.

Eco-Sustainable capture.

#### ACTIVE INGREDIENTS / DAILY DOSE 1 PEARL

- Krill oil 590 mg that provides:

- Eicosapentaenoic acid (EPA) 88.5 mg.
- Docosahexaenoic acid (DHA) 41.3 mg.
