

Androbest 100 Vegetable Capsules

EAN: 8436540531407 FABRICANTE: VIT.O.BEST

Helps enhance androgen production. It is a mixture of plant extracts. Contains Androfen®, Macafull®, and LH-Pro®. They are vegetable capsules suitable for vegan diets and free of titanium dioxide.

DESCRIPTION

What is Androbest by Vitobest®?

AndroBest, from **Vitobest®**, is a food supplement that helps boost androgens. It contains three plant extracts manufactured and standardized in their most suitable active ingredient:

- **Androfen®**: fenugreek extract (*Trigonella foenum-graecum*) whose active ingredient is furostanol, enhanced to 75%. The extract of this species is a safe and effective alternative to reduce symptoms of possible androgen deficiency as it improves sexual function and increases serum testosterone in healthy middle-aged and older men.
- **Macafull®**: Maca extract (*Lepidium meyenii*) with 0.6% macamides and macaenes (the purest extract in active ingredient on the market). Eating this plant increases fertility and improves sexual desire.
- **LH-Pro®**: exclusive *Tribulus terrestris* extract with 90% saponins and 40% protodioscins. Scientific studies with animals affirm that this herbaceous plant induces the production of testosterone.

What are the ingredients in Androbest by Vitobest®?

Ingredients: Androfen® fenugreek dry extract (*Trigonella foenum-graecum*) 75% furostanol-saponins, Macafull® maca root dry extract (*Lepidium meyenii*) 10:1, LH-Pro® tribulus fruit dry extract (*Tribulus terrestris*) 40% protodioscin and 90 % saponins, thickener (capsule): hydroxypropylmethylcellulose and anti-caking agents: magnesium stearate and talc.
