

Creamap+GFS aminos 200 gr Strawberry

EAN: 8436540532305 FABRICANTE: VIT.O.BEST

It is a unique formula, whose ingredients, a mixture of Clonapure® (creatine monohydrate, phosphocreatine, phosphate) and a group of essential amino acids with a rapid absorption pattern, GFSaminos from Vitobest®), allow absorption, strength, resistance and muscle pumping unthinkable in other creatines, without the need for a loading phase or carbohydrates.

DESCRIPTION

- Clonapure® (creatine monohydrate, phosphocreatine, phosphate) + GFSaminos (Vitobest®).
- Amino acids (Ajinomoto®) with the most suitable rapid absorption pattern for protein synthesis.
- Helps improve physical performance in successive series of short, high-intensity exercises.
- It helps reduce tiredness and fatigue.
- Suitable for people with celiac disease.

Clonapure® creatine is the most effective creatine with immediate effect. Clonapure® provides energy to the muscles quickly. Its innovative formula works from day one and **no loading phase is necessary.**

GFSaminos (Vitobest ®) are essential amino acids similar to the human genetic aminogram, which allows for a faster and much greater absorption of its nutrients, compared to the usual essential amino acids ¹.

Product claims:

- A daily intake of 3 g of creatine improves physical performance in successive series of short, high-intensity exercises.
- Magnesium helps reduce tiredness and fatigue.
- Magnesium contributes to normal muscle function.

COMPOSITION:

Allergens: does not contain. Gluten free.
