DESCRIPTION

What is EpiCor, from Vitobest, and what is it for? It is a supplement made from a unique fermentation process. EpiCor is rich in polyphenols, vitamins, amino acids, antioxidants and beta-glucans that act in synergy to help strengthen the immune system. EpiCor strengthens the immunity of the intestinal mucosa by increasing SLGA antibodies, which are the most abundant in mucous membranes and secretions. EpiCor has been shown to be effective in: Reducing cold and flu symptoms. Reduction of congestion during allergic processes. Better immune system response during prolonged inflammation. Double effectiveness: speed and breadth. Gastrointestinal and prebiotic benefits. Taking EpiCor daily contributes in a natural way to strengthening the immune system and improving gastrointestinal health. What is the composition of EpiCor, from Vitobest? Naturally fermented brewer's yeast powder (*Saccharomyces cerevesiae*). thickener (c capsule): hydroxypropylmethylcellulose. anti-caking agent: magnesium stearate. What is the nutritional value of EpiCor, from Vitobest? Composition per 1 VegeCaps Naturally fermented brewer's yeast powder (*Saccharomyces cerevesiae*) EpiCor 500 mg How to use EpiCor, from Vitobest? Take 1 C vegetable capsules a day.
