Optimmune Vials, from **Vitobest®**, is a formulation specifically designed to contribute to the **normal functioning of the immune system** and help the body defend itself against **external aggressions** such as viruses, bacteria and allergies. This formula uses high-quality ingredients, each with proven health benefits:

1. **Propolis** : Widely used since ancient times, propolis is a waxy resin with antioxidant, anti-inflammatory and antimicrobial properties .
2. **Calcium ascorbate** : A non-acidic form of vitamin C that is easily absorbed and ensures greater bioavailability without affecting the body's pH.
3. **N-Acetyl L-Cysteine (NAC)** : Precursor of the amino acid L-Cysteine, known for its mucolytic effect .
4. **Lactoferrin** : Scientific studies suggest that its consumption stimulates or inhibits humoral and cellular components of the immune system, related to the prevention and resolution of infections and inflammation .
5. **Dry extracts of echinacea, astragalus, licorice, grapefruit seed, ivy and plantain** : These extracts enhance and preserve the immune system .

In short, **Optimmune** is a concentrated formula with high-quality ingredients, ideal for people of all ages
