### DESCRIPTION

#### What is the Weleda Calendula Facial Cream for?

This cream gently cares for sensitive skin on the face and body, while helping to promote its natural protective functions for healthy development. Its formula contains BIO Calendula extracts that soothe the skin, while BIO lanolin, beeswax and almond oil create a natural protective layer that nourishes and cares for the skin without clogging the pores. In addition, it is easily absorbed and is perfect for daily use on the face, hands and other exposed areas of the body. This cream is especially recommended for adults with sensitive and dry skin. In Germany, Weleda Baby is number one in midwifery recommendations for baby care products, according to an independent market study from 2019.

#### What are the benefits of weleda Calendula Facial Cream?

This cream provides soothing hydration for the face, hands and other parts of the body that are exposed. In addition, it protects the skin against external aggressions, such as the weather and pollution, which can damage it and make it feel uncomfortable. In this way, this cream helps maintain healthy and nourished skin, with a soft and radiant appearance.
