### DESCRIPTION

#### What is the Weleda Everon Lip Protector for?

Everon Lip Balm is made with organic ingredients, such as jojoba oil, rose wax and shea butter, which combine to hydrate and regenerate lips. In addition, the beeswax creates a long-lasting protective layer, while the subtle scent of vanilla and rose makes it an attractive product. This formula nourishes and regenerates chapped lips, leaving them with a soft natural shine. It is important to note that this lip balm is gluten-free.

#### What are the benefits of the Weleda Everon Lip Protector?

This lip balm offers optimal protection, care and hydration for dry and chapped lips, leaving them with a soft natural shine. Its formula prevents dry lips, giving them a healthy and well-cared appearance. It is important to mention that this product is gluten-free.

#### What are the ingredients of Weleda Everon Lip Balm?

- Jojoba Oil: Jojoba oil is an oily wax with a liquid texture very similar to the natural protective barrier of human skin. Its ability to retain water for long periods of time makes it an excellent skin moisturizer. In addition, jojoba oil helps maintain the skin's natural functions and protects against moisture loss, without leaving a greasy film. Due to its good skin tolerance and easy absorption capacity, it is suitable for all skin types, especially dry skin. It is also very useful as a base oil for the preparation of other skin care products.
- white beeswax
- Shea butter: Shea butter is a vegetable fat with a consistency similar to that of butter, which is mainly used to improve the consistency of products. In addition, it is very well tolerated by the skin and is characterized by leaving a thin film on the skin that softens it and keeps it hydrated. Thanks to its emollient properties, this butter is very effective in improving the appearance and health of the skin.
- candelilla wax
- centifolia rose wax
