

Mattifying Fluid 30 ml

EAN: 4001638500227 FABRICANTE: WELEDA

It is a mattifying fluid with a light texture that helps hydrate the skin without leaving a greasy feeling. This product has been designed for combination or oily skin, and in addition to moisturizing, it has a mattifying effect that helps reduce shine on the skin. It is ideal for those who are looking for a matte finish on their skin, but who also need deep hydration.

DESCRIPTION

What is the Weleda Mattifying Fluid for?

This product is a mattifying fluid specially designed to treat combination to oily skin. Thanks to its effective formula, this product not only intensely hydrates the skin without leaving a greasy feeling, but also helps to smooth the skin and purify the pores. In addition, its antibacterial and refreshing formula helps balance sebum production on the skin. This mattifying fluid also contains antioxidants that help protect the skin's protective barrier against environmental aggressors. In short, it is an excellent option for those who want to treat their combination or oily skin effectively and without leaving a heavy feeling on the skin.

What are the benefits of Weleda Mattifying Fluid?

This fluid is an ideal option for combination or oily skin, as it deeply hydrates without drying the skin and has a long-lasting matte effect. In addition, its exclusive formula contains antibacterial properties that help fight bacteria present on the skin and prevent the appearance of blemishes.

Mattifying Fluid 30 ml

EAN: 4001638500227 **FABRICANTE:** WELEDA

- babassu oil
- Cetearyl glucoside (natural emulsifier of vegetable origin, obtained from coconut sugars and fatty acids)
- Willow Bark Extract: Willow bark extract is a rich source of salicin and polyphenols, among other components. These elements give the extract antimicrobial properties that help fight microorganisms present on the skin and prevent the appearance of blemishes. In addition, willow bark extract also has softening properties that help keep skin soft and smooth, improving its appearance and texture.
- Licorice Root Extract: Has antimicrobial, soothing and antioxidant properties.
- distilled witch hazel water
- Citric acid
- glyceryl stearate citrate
- Fatty acid esters (emulsifier)
- natural essential oils
- limonene
- linalool
- Citral
