

Men's Moisturizing Cream 30 ml

EAN: 4001638093934 FABRICANTE: WELEDA

This fast-absorbing facial cream is designed for the daily care of men's skin. Provides hydration, protection and softness throughout the day, thanks to its high-quality ingredients. Your skin will look softer and smoother after use.

DESCRIPTION

What is the Weleda Men's Moisturizing Cream for?

Because men's skin is denser and oilier, it requires specific facial care that is light, soothing, and refreshing. Weleda has used its decades of experience to develop a fast-absorbing facial emulsion that hydrates, protects and smoothes men's skin throughout the day. With organic jojoba and sesame oils, beeswax and carnauba, it improves skin elasticity and protects it from external aggressions. Marshmallow extracts soothe the skin and keep it hydrated. Furthermore, this gentle formula is recommended for all skin types, even the most sensitive.

What are the benefits of the Weleda Men's Moisturizing Cream?

This Weleda facial care for men is quickly absorbed and provides a refreshing sensation while protecting the skin, leaving it softer, smoother and more elastic. It has been dermatologically tested and is suitable for all skin types, even those that are sensitive.
