FABRICANTE: WELEDA

*Anti-aging and anti-pollution treatment with a booster effect that helps to firm, smooth and improve the appearance of wrinkles. In addition, it provides luminosity and softness to the skin.*

### DESCRIPTION

#### What is Granada Firming Facial Oil used for?

This 100% natural and 90% BIO facial oil is a powerful antioxidant concentrate with a light and fast-absorbing formula. Its exclusive combination of 8 BIO vegetable oils nourishes and firms the skin, while helping to reduce the appearance of lines and wrinkles. In addition, it favors cell renewal and enhances the protective function of the skin, protecting it from oxidative stress. With its use, the skin feels revitalized and luminous.

Transform your skin with just a few drops of this powerful face oil. With a concentrated formula of 8 100% natural BIO vegetable oils, this product with a light texture and fast absorption will take your beauty routine to the next level. Protects the skin from the effects of pollution and provides multiple benefits in a single product: nutrition, firmness, reduction of lines and wrinkles, cell renewal and protection against oxidative stress. Plus, it brightens the skin for a more radiant look. This anti-pollution booster is suitable for all skin types and is designed to nourish, firm and smooth the skin, leaving it revitalized and protected.

#### What are the benefits of Pomegranate Firming Facial Oil?

Protects the skin from the effects of oxidative stress, one of the main causes of premature skin aging. Helps reduce damage caused by free radicals, unstable molecules that can damage skin cells and accelerate the aging process. It favors the natural protective function of the skin, helping it to stay healthy and protected against
