DESCRIPTION

What is the Weleda Pomegranate Regenerating Body Milk for?

Pomegranate Body Milk has a composition enriched with organic pomegranate seeds that offers high regenerative power and powerful antioxidant action, delaying the signs of skin aging. This body milk stimulates cell regeneration and provides firmness and luminosity to the skin. In addition, the shea butter and sesame oil present in its formula prevent dryness and improve the elasticity of the skin, providing a silky and soft sensation to the touch.

What are the benefits of Weleda Pomegranate Regenerating Body Milk?

The Granada Regenerating Body Milk will give your skin immediate hydration, thanks to its light and fast-absorbing formula. In addition to providing hydration, this body milk also helps prevent skin aging and improve skin firmness, thanks to its content in organic pomegranate seeds, which have a high regenerative and antioxidant power.

The Granada Regenerating Body Milk formula is suitable for all skin types, as it has a light texture and does not leave a greasy or sticky feeling on the skin. Its rapid absorption allows an easy and comfortable application, providing a feeling of freshness and softness throughout the body. In addition, thanks to its composition enriched with shea butter and sesame oil, the skin is protected from dryness and improves its elasticity, leaving it soft and radiant.
