

Pomegranate Regenerating Body Oil 100 ml

EAN: 4001638088473 FABRICANTE: WELEDA

This body oil is a 100% plant-based product that absorbs quickly into the skin. It is designed to combat dryness and provide deep hydration to the skin. In addition, its pomegranate-based formula helps to firm the skin and prevent the signs of aging, leaving it looking younger and more radiant.

DESCRIPTION

What is Granada Regenerating Body Oil used for?

This product is an antioxidant body treatment that helps rejuvenate and protect the skin. Its 100% natural formula includes organic pomegranate seed oil, which is rich in antioxidants and regenerative properties, as well as organic macadamia and jojoba oils, which hydrate and preserve skin elasticity. Millet and sunflower seed extracts also contribute to its anti-aging effect. This honey-colored body oil has a sensual, feminine scent infused with natural essential oils of sandalwood, neroli, and davana.

What are the benefits of Granada Regenerating Body Oil?

This product is designed to combat dry skin and keep it hydrated. In addition, its formula includes ingredients that help prevent the signs of aging and firm the skin, leaving it looking younger and more radiant. Its light, non-greasy texture absorbs quickly into the skin, leaving no oily feeling or greasy residue.

What are the ingredients of Pomegranate Regenerating Body Oil?

- Jojoba oil. Jojoba oil is a liquid, oily substance that resembles the natural protective barrier of human skin. It's good for keeping skin hydrated and helps protect against moisture loss, without leaving a greasy feel. It is easily absorbable and is suitable for all skin types, especially those that are dry. It

can also be used as a base oil.

- Sesame oil
- Sunflower oil
- wheat germ oil
- macadamia oil
- millet seed extract
- limonene
- Pomegranate Seed Oil: Pomegranate seed oil is a very effective skin care ingredient as it contains a type of unsaturated fatty acid and vitamins with antioxidant properties. These characteristics make the oil excellent for regenerating the skin and keeping it hydrated, especially dry, mature and stressed skin. It is a very active oil that provides a lot of benefits and nutrition to the skin.
- Unsaponifiable olive oil
- Sunflower Petal Extract
- linalool
- Citronellol
- natural essential oils
- Citral
- eugenol
- Coumarin
- farnesol

How should the Pomegranate Regenerating Body Oil be used?

Apply daily after showering or bathing, while skin is still damp. Put a few drops on your hands and gently rub into the skin until completely absorbed.
