How should the Oat Repair Conditioner be used?

To get healthy and shiny hair, you have to follow some steps. First of all, it is advisable to brush the hair for two or three minutes a day with a wooden brush and natural bristles, which will provide shine and softness.

Before washing it, it is advisable to apply an oatmeal repair mask to the ends and leave it on for five to ten minutes to repair damaged and dry hair. During washing, it is important to gently massage the scalp to supply the roots with the nutrients they need.

After washing, it is recommended to apply the oatmeal repair conditioner, which promotes the natural regeneration of dry and damaged hair. Simply distribute a small amount of product on damp hair and massage gently. Leave to act for a few minutes and then rinse.
