

## Roll-on deodorant Men 50 ml

EAN: 4001638095228 FABRICANTE: WELEDA

*Roll-On 24h Men deodorant is a product designed for men, offering effective protection throughout the day and a feeling of stimulating freshness. It is 100% natural and does not contain aluminum salts. This deodorant is naturally fresh and effective for men, providing 24-hour protection. In addition, it has a woody and stimulating aroma that makes it ideal for the male gender.*

### DESCRIPTION

#### What is Roll-on Men Deodorant used for?

This roll-on deodorant uses natural essential oils with antimicrobial properties to prevent and neutralize unpleasant body odours. It provides effective protection for 24 hours and is suitable for sports, since it does not contain aluminum salts that can block pores. This allows the skin's natural regulatory functions to remain intact. In addition, its herbal and woody aroma based on verbena, rosemary and vetiver gives it a fresh and natural touch.

#### What are the benefits of Roll-on Men Deodorant?

This deodorant offers effective 24-hour protection and is formulated without aluminum salts, making it suitable for all skin types. Also, it has a masculine scent that makes it attractive to men.
