

Sage Spray Deodorant 100 ml

EAN: 4001638099271 FABRICANTE: WELEDA

It is a spray deodorant that contains sage and does not contain aluminum salts. This improved formula is completely natural and works to neutralize unwanted body odors without interfering with the skin's natural ability to regulate its temperature. It has a refreshing herbal fragrance and is especially popular with men as a deodorant option.

DESCRIPTION

What is the Weleda Salvia Spray Deodorant for?

This deodorant is a men's favorite because it is made from natural essential oils of organic sage, thyme and rosemary. Thanks to this mixture, the deodorant serves to neutralize and prevent unwanted body odors for more than 12 hours. In addition, it does not block pores and allows the skin to regulate its temperature naturally, which helps keep the skin healthy.

What are the benefits of Weleda Salvia Spray Deodorant?

This deodorant has been dermatologically tested to ensure that it is gentle and safe on the skin. It is also suitable for vegans, which means that it does not contain ingredients of animal origin nor has it been tested on animals.

To use this deodorant, simply spray a little onto your clean, dry underarms. It is important to avoid applying it immediately after waxing to avoid irritation. You should also be careful not to spray it in your eyes or mucous membranes, so be sure to keep the deodorant away from these areas when applying it.
