

White Mallow Face Cream 50 ml

EAN: 4001638096669 FABRICANTE: WELEDA

To protect your skin from the wind, the sun and other environmental factors, it is recommended to apply a small amount of the cream daily to the face and hands. This will help to create a natural barrier that will keep the skin soft, hydrated and protected. If you are going to walk, it is especially important to apply the cream before going to avoid that the skin of your swimming is reddened or irritated by changes of temperature and other external factors. Remember that this cream is soft and natural, for which you can use it calmly on the delicate skin of your baby.

DESCRIPTION

What is the Weleda White Mallow Facial Cream for?

Atopic eczema is a skin condition that occurs as a result of increased sensitivity, and it usually appears mainly on the sides of the face. Symptoms include irritation, scaling, and itching, which are due to dry skin. To treat this condition, we have created a facial cream without essential oils or perfume, using exclusively natural ingredients that nourish, soothe and protect the skin against external stimuli. This cream is ideal for both babies and adults with atopic skin. It is important to use gentle and specific products to care for sensitive skin, and to avoid ingredients that can aggravate the skin condition.

What are the benefits of the weleda White Mallow Face Cream?

This facial cream has been specially designed to intensely nourish the delicate skin of the baby's face, preventing flaking and reducing redness and itching. In addition, it protects the skin from external stimuli and promotes its correct protective development. It does not contain preservatives, dyes, synthetic perfumes or substances derived from petroleum. The cream has been subjected to dermatological tests to guarantee its high tolerance even on sensitive skin, and it is suitable for celiacs. With this cream, you can be sure that you are providing your baby with gentle and natural care for their delicate facial skin.
