

Xula Comfort Menstrual Panties Black L

EAN: 8436596902664 FABRICANTE: XULA

Menstrual panties with a removable built-in pad system.

DESCRIPTION

Xula menstrual panties are the only ones on the market with a built-in removable pad system that will make it easy for you to change them as often as you need. This system allows you to separate the panties from the bridge part and thus facilitate the necessary changes during the day depending on the amount of flow you have. A luxury that allows you not to have to undress completely when you want to change.

When I buy a panty, what does it include?

All our panties incorporate a reusable cloth pad with moderate flow, **equivalent to two tampons** or approximately 15 ml of blood.
