EAN: 8493467857898

FABRICANTE: YSONUT

Capivance alpha F is a food supplement from the Inovance laboratory, based on plant extracts, cystine and methionine, vitamins, zinc, chromium, copper and selenium, astaxanthin and melatonin. Capivance Alpha F is indicated for hormonal hair loss in women.

### DESCRIPTION

#### Since I'm in menopause I have less hair. What can I take?

If you are in menopause and have less hair, you can take Capivance Alpha f since it regulates the negative action of testosterone on hair loss. You should take two pearls a day, at night, with a glass of water.

#### I lose hair and it doesn't grow back. What can I take?

If you are a woman, you lose hair and it does not grow back, we recommend Capivance Alpha F, which due to its composition rich in amino acids, astaxanthin and plant extracts, among others, will make your hair grow again. You should take two pearls a day, at night with a glass of water.

#### Does Capivance Alpha F have contraindications?

Capivance alpha F is not recommended for pregnant women, infants, children or adolescents.

How long should I take capivance alpha F?

You must take Capivance Alpha F for a continuous period of twelve weeks.
