FABRICANTE: YSONUT

Hialurovance is a food supplement that serves to activate the production of collagen. Hialurovance is a concentrated formula with ten grams of marine collagen (Peptan) and twenty-five milligrams of hyaluronic acid per stick.

DESCRIPTION

I want to take care of my skin. What can I take?

If you want to take care of your skin take Hialurovance from Inovance.

What is Hialurovance?

Hialurovance is a food supplement based on hydrolyzed collagen of marine origin, hyaluronic acid, turmeric, vitamins C and D, zinc and plant extracts, which activates collagen production, eliminates wrinkles and your skin will gain elasticity.

How should I take Hialurovance?

You must pour the content of the stick into 150 ml of water. Mix until completely dissolved and consume immediately. You must take one stick a day and in the morning.

What flavor does Hialurovance have?

Hialurovance has an orange flavor.
