

Lipo H+ 20 Capsules

EAN: 8412131417787

FABRICANTE: YSONUT

Lipo H+ is a food supplement that serves to block the production of simple sugars thanks to phaseolamine extracted from white beans.

DESCRIPTION

What is Lipo H+ and what is it used for?

Lipo H+ is a food supplement based on chromium, L-carnitine, white bean seed extract and nopal. Lipo H+ is indicated for weight control and to block the production of sugars when too many carbohydrates are consumed in the diet.

How should I take Lipo H+?

Lipo H+ should be taken orally, one capsule in the morning, one capsule at noon, and one capsule at night.

Use tips

Lipo H+ should be used as part of a program that includes reduced caloric intake and increased physical activity.

Does Lipo H+ have contraindications?

Lipo H+ is not recommended for pregnant women, nursing mothers, children or adolescents without prior medical advice.
