DESCRIPTION

What is Memovance and what is it used for?

Inovance Memovance is a food supplement based on fish oil, ginseng, phosphatidylserine, vitamins and zinc. Memovance provides 100% of the recommended intakes of vitamins B5, B6, B9 and B12, which are the ones that promote cognitive functions.

Memovance contains ginseng to support intellectual and physical activity, and EPAX-certified fish oil. The EPAX certificate means that they are high quality, pure, stable and traceable marine oils.

How is Memovance taken?

Memovance is taken orally, two capsules a day, in the morning or at night.
