

Probioavance I 10 30 Capsules

EAN: 8430210114556

FABRICANTE: YSONUT

Inovance Probioavance I10 is a food supplement rich in probiotics that serves to strengthen the immune system, and for the proper functioning of the intestinal flora.

DESCRIPTION

What is probioavance I10 and what is it used for?

Inovance Probioavance I10 is a food supplement based on three probiotics: Bifidobacterium and Lactobacillus, as well as lactoferrin and manganese.

Inovance Probioavance I10 contains 10 billion CFUs per capsule. The efficacy of Probioavance I10 on the immune system is proven in a clinical study.

What dose and how should I take probioavance I10?

Probioavance is taken orally: you should take one capsule a day in the morning on an empty stomach with a large glass of water.

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241130
